

Magnesium 375mg

Millions & Millions[®]

Essential Mineral Support

One of the most abundant minerals in the body, magnesium is vital to literally hundreds of biological processes. This important electrolyte supports the normal function of the muscles and nervous system, plays a key role in energy metabolism (the conversion of food into energy), helps to maintain psychological function, and helps to reduce feelings of tiredness and fatigue. This high strength formula contains 100% NRV of this essential mineral to provide comprehensive daily support for men and women of all ages.
